## EDUCATION

- **Cochin University of Science and Technology [CUSAT], Kerala** 2022-2024  
*Master of Computer Applications* CGPA: 8.78
- **Babasaheb Bhimrao Ambedkar Bihar University [BRABU], Bihar** 2018-2021  
*Bachelor of Computer Applications*
- **S.M. Inter College – Senior Secondary** 2016-2018  
*Bihar School Examination Board, Patna*
- **Jay Govind High School – High School** 2014-2016  
*Bihar School Examination Board, Patna*

## EXPERIENCE

- **Torc Infotech** Dec 2023 – Apr 2024  
*MERN Stack Internship* Kochi (Kerala)
  - Intern at Torc Infotech, where I developed numerous front-end web pages using HTML, CSS, JavaScript, and Bootstrap. Successfully completed some mini projects including a to-do list application and an invoice builder generator, showcasing proficiency in front-end development and problem-solving skills.
  - Technologies: HTML, CSS, Bootstrap, JavaScript, EJS, React.js Express.js, Node.js and MongoDB

## PERSONAL PROJECTS

- **E-Commerce Web Application** Sep 2023 – Oct 2023  
*I created a specialized clothing-focused e-commerce platform to enhance the ease of online shopping.*
  - \* Tools & technologies used: HTML, CSS, JavaScript, PHP and MySQL
  - \* I designed and developed an e-commerce web application to streamline online product and service purchases. Key features included user authentication and authorization, password management, a product catalog, shopping cart, and wish-list functionalities
- **Invoice Builder Generator** Jan 2024 – Feb 2024  
*An invoice builder project that lets users quickly create professional invoices for their businesses*
  - \* Tools & technologies used: HTML, CSS, JavaScript, Bootstrap, EJS, Express.js, Node.js and MongoDB
  - \* Features are User Authentication and Authorization, Invoice Template, Calculation, Preview and Edit, Invoice Management and Mobile Compatibility etc.

## TECHNICAL SKILLS AND INTERESTS

**Programming Languages:** Core Java, Python, JavaScript  
**Web Tools:** HTML, CSS, Bootstrap, React.js, Node.js, Express.js  
**Databases:** MySQL, MongoDB  
**Relevant Coursework:** Operating Systems, Computer Network, Object Oriented Programming  
**Soft Skills:** Communication, Problem Solving, Self-learning  
**Field of Interest:** Full Stack Development

## POSITIONS OF RESPONSIBILITY

- **Member**, National Service Scheme (NSS)  
-As a member of NSS at CUSAT UNIT-10, I actively participated in various campus activities organized by our unit, focusing on environmental, cultural, and social issues
- **Member**, RESURRECTION  
-As a member of Code Debugging competition at DCA [CUSAT], contributed to making the Question for competition.

## ACHIEVEMENTS

- I secured all India rank 56 in CUSAT CAT-2022 Exam.
- Solved 400+ problems on GeeksForGeeks coding platform.
